

## CHICAGO'S DISASTROUS DOWN-TOWN FIRE

Five million dollars worth was destroyed and one life lost when fire, thought to be of incendiary origin, swept through a whole block west of Chicago's "loop" business district. Picture shows view west on Jackson Boulevard. At left is the Austin building of which only the framework was left standing. In the rear is the fifteen-story office building of the Chicago, Burlington & Quincy Railroad, gutted by the fire. All the books and records of the Burlington company were destroyed. Stocks and records of 250 other firms were also burned, and 25,000 made jobless by the worst fire Chicago has suffered since the conflagration that destroyed the whole city in 1871.

## New Roosevelt Collection On Exhibition

NEW YORK.—A collection of guns, knives, traps and other items, the original equipment used by Theodore Roosevelt during his cowboy days in the Dakotas, was placed on view here Saturday by the Roosevelt Memorial association for the first time since the collection was assembled. The souvenirs were presented to the association recently by A. W. Erickson of New York, who obtained them from A. W. Merrifield of Somers, Mont., one of Colonel Roosevelt's ranch partners in the early '80's.

Used it for Bear  
"That's the gun he used when he shot his first bear," he exclaimed. "It was a favorite with him, and was the one he used on a thief hunt when he and I caught the three men who stole his bear."

Guide Recognizes Gun  
A relic of the colonel's first experience in big game hunting, included in the collection, is an old 10-60 call-made to order to take on his first bear. It is decorated with engravings of an elk, a bear and a combination shotgun and rifle, and Rocky mountain sheep. Bill Sowall, Roosevelt's old guide and partner, who visited the association while the relics were being unpacked, recognized this old gun instantly.

Next to the old rifle rested a queer-looking weapon which Roosevelt had used to kill a bear. It was a favorite with him, and was the one he used on a thief hunt when he and I caught the three men who stole his bear.

MRS. MARY PITZ HELD  
AS HUSBAND SLAYER TO  
HAVE SANITY TESTED

Newtonards Road Thrown into Turmoil by Resumption of Shooting

BOMB HURLED THROUGH WINDOW INTO WOMEN'S SLEEPING ROOM

One of Injured Dies of Wounds, Other Seriously Hurt

BELFAST.—By The Associated Press.—Terrorists resumed their activities Saturday. Shortly after the outbreak a news-vendor proceeding homeward on his bicycle was shot through the breast and a man was shot and killed in Newtonards road. Newtonards road was in a turmoil until after the breakfast hour.

Two men dashed into Thompson street in the Shin Poin district and threw a bomb through an upstairs window of a small dwelling where an elderly woman, Rose McGreevey, and her niece, Mary Mullin, were sleeping. McGreevey was forced an entrance found Mrs. McGreevey seriously wounded and her niece mortally hurt. One of her legs having been blown nearly off. The two women were taken to a hospital, where Miss Mullin died shortly afterward.

Early in the morning the body of a man was found in Clarendon Lane with a bullet through his head.

ROADS APPEAL FOR  
READJUSTMENT OF  
WIRE MEN'S WAGE

CHICAGO, Ill.—Alleged inequalities in the pay of telegraphers on about ten western railroads were attacked before the railroad labor board Saturday when the roads asked an adjustment. L. A. Marston, of the Order of Railroad Telegraphers, appeared in defense of the present rates.

The roads affected are the Southern Pacific, Northern Pacific, Rock Island, Illinois Central, Great Northern, Chicago & North Western, Chicago, St. Paul, Milwaukee & Omaha, and Chicago, Milwaukee & St. Paul.

SEIZE LIQUOR ABOARD  
YACHT OF NEW YORKER  
MIAMI, Fla.—Customs officials Saturday seized 505 cases of fine wines and liquors aboard the Patricia, a palatial yacht tied up here, and said to be owned by a millionaire member of the New York Yacht club. The liquor was estimated to be worth \$50,000.

WOMAN SENT TO  
STATE HOSPITAL;  
TRIAL POSTPONED

Judge Higbee Commits Woman on Insanity Plea of McConnell and Gordon

MRS. MARY PITZ, charged with the murder of her husband, Frank Pitz, was committed to the Central State Hospital for Insane, at Waupun, by Judge Higbee in circuit court Saturday morning. She will be confined in the hospital for observation and her trial has been postponed indefinitely.

A special plea of insanity was made in court by J. E. McConnell and George H. Gordon, who as former president of the La Crosse bar association, offered to defend the woman because she is without funds and unable to retain a lawyer. In the plea Messrs. McConnell and Gordon set up the belief that Mrs. Pitz was insane at the time of the commission of the alleged offense.

Mrs. Pitz, according to her story to the police, shot her husband while he was asleep in their home on Morrison Avenue, about late Friday night, February 7. On Sunday, February 12, Mrs. Pitz went to police headquarters and told the police that she had shot her husband. Investigation revealed the dead body of Pitz in his bed. There was a large blood stain on the pillow from the bullet wound in Pitz' head.

FIRE IN BASEMENT  
AT COLMAN HOME

Central fire station made a run to the Harry L. Colman residence shortly after noon on Friday where fire had started in a box of paper in the basement, according to a report of Frank Rogge, lieutenant, at station No. 1. No damage was done, it was said.

LA CROSSE NORMAL  
FAILS TO PLACE IN  
ORATORICAL MEET

STEVENS POINT, Wis.—Ralph L. Levine, representing Superior Normal school Friday night won first place in the state oratorical contest. His subject was "Modern Nationalism." C. L. Christanson, Milwaukee Normal, speaking on the subject "Makers of Men," was given second place. Melvin Thompson, River Falls, and Melville Bright, Stevens Point, were awarded third and fourth places respectively. Levine will represent Wisconsin at the interstate contest at Macomb, Ill., with Christanson as alternate.

FIVE ADDITIONAL  
ARRESTS FOR AUTO  
VIOLATION HERE

Five more arrests were made by traffic policemen of the department for auto violations, according to cases heard in police court Saturday morning.

Charles Kaschuski, Art Bakke and Robert Perkins paid fines of \$2.50 Friday afternoon on charges of turning short left hand corners. Harry Mandel and Dewey Gamsch were assessed \$2.50 on a similar charge Saturday morning.

BOXER DIES AFTER  
KNOCK-OUT BLOW

OMAHA, Neb.—Investigation into the death of Charles Bayview, Omaha boxer, 20 minutes after he was knocked out by Ray Carter of Sioux City, Iowa, here Friday night, will be held Saturday according to Lunt Doyle, state boxing commissioner.

Dr. M. J. Ford, who examined the boy said he was in excellent condition before the fight. Death was due, the doctor said, to paralysis of the respiratory center when his head struck the canvas.

BLUE SKY ARTIST GETS  
TWELVE YEARS IN PEN

OTTAWA, Ia.—As an example to "blue sky artists" whom he said had robbed the people of Iowa of \$100,000 during the last few years, Judge W. S. Kenyon sentenced W. E. Gillespie of Quincy, Ill., to a total of twelve years at Fort Leavenworth in federal court here Saturday morning.

Judge Kenyon was exceedingly scathing in sentencing the man, holding that highway robberies paid into insignificance beside such activities.

CAROL E. ROBB TO  
RUN FOR ALDERMAN  
AT STATE CAPITAL

MAHON, Wis.—Carol E. Robb, a freshman in the college of engineering at the University of Wisconsin, has announced himself as a candidate for alderman in the fifth ward of Madison. He will ask voters to write in his name on the ballot.

JURY DIVIDED  
IN OBENCHAIN  
CASE 9 TO 3

Nine Men and Three Women Locked up for Night After Six Hours of Fruitless Discussion

RETURN TO THE COURTROOM FOR FURTHER EVIDENCE

Jury Asks that Testimony of State Witness be Read to them

LOS ANGELES, Calif.—The jury considering the guilt or innocence of Mrs. Madelyn Obenchain, tried for the murder of her sweetheart, J. Bolton Kennedy, resumed its deliberations at 9 o'clock Saturday morning.

After nearly six and a half hours of fruitless discussion and balloting the nine men and three women were ordered locked up for the night at 10:25 o'clock. At that time there was a report that the jury was divided, 9 to 3.

The jury left the courtroom at 11:57 o'clock Friday morning, after listening to a severe arraignment by Assistant Prosecutor Keyes, who concluded his final argument in about an hour and a half after court began.

Judge Reeve, whose instructions already were prepared, immediately began reading them to the nine men and three women in the box, and the dozen who held Madelyn's fate in their hands immediately retired.

Return for More Evidence  
After the recess for luncheon the jury stayed on until 4:15, when it returned to the room to ask that the testimony of Henry Siefer be read to them.

Siefer, a witness for the state, had testified as to circumstances the night of the killing. The jury wanted to know whether he had or had not seen the lights of an auto in the "wash" near the Kennedy cabin on the night of August 5. The state contends Arthur Burch had parked the car there and waited for the coming of Kennedy. The testimony was read by Judge Reeve.

Madelyn, a bit of green ribbon pinned to her jacket, sat unmoved beside her former husband, Ralph Obenchain.

Siefer's testimony was to the effect he had seen no lights in the wash. The incident was taken as an indication the jury stood 11 to 1 for acquittal, because apparently only one of the jurors wanted to hear the testimony read and because of the short time that had elapsed since the jury began to deliberate.

Madelyn Sleeps in Cell  
Madelyn, waiting for the verdict that may set her free, send her to prison, or hang her, fell sound asleep earlier in the afternoon in her room in the city jail.

She closed her eyes soon after eating a morsel or two, and it was after 3 o'clock when the matron awakened her.

## DECIDE TODAY ON BONUS ACTION

FOUR DRINK CASES SENT TO THE CIRCUIT COURT BY BRINDLEY

WOLFE ASKS DISMISSAL; SAYS SEARCH WARRANTS ILLEGAL

Court Overrules Motions that Evidence be Returned

JOHN McClanathan, 519 1-2 Division street; Henry Miller, West Salem, saloonkeeper; Matt Neumann, Mormon Coulee road saloonkeeper, and Oscar Schroeder of the Eagle hotel were all held under \$800 bail for circuit court for alleged violations of the Severe Prohibition law by Judge Brindley in county court.

Albert C. Wolfe, represented the four and in each case put in the same objections to the introduction of evidence that he did in the McClanathan case on Thursday, when he contended that the evidence obtained in McClanathan's home was unlawful evidence because it was obtained illegally through a search warrant obtained unlawfully.

Bottles Are Seized  
Federal prohibition deputies testified that they found two large empty whiskey bottles, three pint bottles and a half pint bottle, one of the bottles containing colored alcohol, in the pantry of the McClanathan home. A hydrometer that was broken also was found, along with a copper wash boiler and two barrels that had traces of corn mash on the sides, the deputies said.

The liquor confiscated tested 95 and 110 proof, the witnesses said. The charge read that McClanathan manufactured and possessed liquor and parts of a still. The manufacturing charge brought up the question of whether a person who takes raw alcohol of 188 to 190 proof, dilutes it with water and adds another coloring matter is manufacturing intoxicating liquor. The deputies testified that the liquor seized was alcohol and not moonshine but that the two large bottles smelled of moonshine whiskey.

Dismissal Is Asked  
Mr. Wolfe asked dismissal of the case on the grounds that the allegations in the complaint doesn't make any specific charge, that there was no evidence submitted to show that liquor had been manufactured, that there was no charge that the liquor was possessed illegally, or proof to sustain the charge and that there was no evidence to connect McClanathan with the home or house at 519 1-2 Division street.

Mr. Reid recalled the sheriff to testify that the search warrant had been issued to McClanathan in his home. The court held McClanathan in \$800 bail for circuit court.

Bottle Found in Coat  
Henry Miller of West Salem, a saloonkeeper, was the next to be tried. Federal prohibition deputies found a half pint bottle containing moonshine in the pocket of an old coat hanging on the outside wall of a washroom in the saloon. There were several other coats hanging on the wall, it was testified.

The other coats were claimed by various persons but all in the saloon at the time of the raid denied all knowledge of possession of the coat. An empty half pint liquor bottle was found back of the bar.

The charge that the empty bottle had contained moonshine precipitated an argument between counsel. The attorneys and witnesses smelled of the bottle. The district attorney and witness said the odor was that of moonshine. Mr. Wolfe took a whiff and then asked: "What is moonshine?" The first asked to recognize the term "moonshine."

"Not as Expert as Attorneys"  
The bottle was then handed to Judge Brindley who smelled it. "The court is not an expert on moonshine like the attorneys are," he said, handing back the bottle without saying what he thought it had contained.

Gandhi Given  
6-Year Term  
For Sedition

AMMADABAD, British India, March 18.—By The Associated Press.—Mohandas Gandhi, the Indian nonco-operation leader who was arrested recently on charges of sedition, was sentenced Saturday to six years imprisonment without hard labor.

PEEL IS SECRETARY  
LONDON.—By The Associated Press.—Viscount Peel, former under secretary of the war and air ministry, and chancellor of the Duchy of Lancaster in the present ministry, has been appointed secretary for India succeeding Edwin S. Montagu, who resigned last week.

IDEALS OF AMERICAN MUST BE STUDIED TO BETTER CITIZENSHIP

Strong Talk by Prof. Arnold B. Hall Features Closing Session of Teachers

THREE FEATURES MARK DAY CONCLUDING WITH A DINNER

A DINNER in the Chamber of Commerce assembly room Friday evening closed the convention of the Western Wisconsin Teachers' association convention. The only speaker at the dinner was Prof. Arnold B. Hall, of the University of Wisconsin. He spoke on "Dynamic Americanism."

"The meaning of 'dynamic Americanism,'" said Prof. Hall, "is a real, comprehensive understanding of the ideals and purposes of America. It means the development of a thinking intellectual America. The things we think the least of and which mean the most to us are politics and religion."

"I once heard a speaker at a political meeting in Chicago say that the cure for the evils of democracy was more democracy." Those were words swayed that large audience, they cheered him and from then on the speaker played upon their emotions. Yet I don't believe there were more than 100 persons in the audience who really analyzed those words and who knew how absolutely wrong they were."

Scientific Study Needed  
"The real problems of the country require as profound scientific study as medicine or law. We are sending our men and women from our schools today who have yet to have a single individual, constructive thought on politics. We will have the reign of the demagogue until we teach politics in all the schools and develop a thinking people. Most people look on government as a fixed thing when in reality it is in a state of constant evolution. We should see that our boys and girls get a critical training. Present it to your pupils so that it strikes an emotional, responsive chord in them."

"If we can visualize the iniquities of child labor of the phosphorus match industry and of all the other evils in the country then we can arouse an Americanism that will be a bulwark against which the waves of ignorance can beat in vain."

Mrs. Homer Hart, musician, the dinner menu, and Mrs. R. C. Whelpley arranged the musical program. The Dinn Gift Shop presented handsome souvenirs to each teacher at the dinner. The tables were beautifully decorated with flowers and ferns by Carl Schroeder.

Miss Bertha Shuman, retiring president of the association, today expressed the appreciation of all the teachers for the use of the Chamber of Commerce auditorium and the interest displayed by citizens in the convention.

Morning Session  
A very interesting program was presented to the teachers attending the teachers' convention at the Normal School auditorium Friday morning. The program started at 9 o'clock with the auditorium packed. The pupils of the second grade gave a demonstration on physical education, followed by a skillful exhibition with Indian clubs by a squad from the senior department of physical education under the direction of Mr. W. J. Withell of the La Crosse Normal. Mr. W. P. Webster, assistant superintendent of schools at Minneapolis, (Continued on page six)

HOUSE LEADERS  
CONFER WITH  
HARDING SUNDAY

Decision on Whether Passage Will be Pushed Under Suspension of Rules to be Decided Soon

SPEAKER GILLET INCLINED TO OPPOSE SUGGESTED PLAN

Open to Argument, However, Says Speaker on Return from Florida

WASHINGTON.—Republican house leaders expect to confer with President Harding at the white house Sunday night regarding procedure in handling the compromise soldiers' bonus bill. They are hopeful that he will approve their plan for passage of the measure under a suspension of the rules.

Speaker Gillett was to decide Saturday at a conference with house republican leaders whether he would entertain on Monday a motion to consider the soldiers' bonus bill under a suspension of the rules.

Upon his return here Friday night from Florida, the speaker said he was not inclined to look with favor upon such a procedure but added that he was open to argument. He declared that he had no message from the president for house leaders regarding the bonus bill.

Several leaders were in conference with Speaker Gillett and arrangements were made for him to meet majority members of the ways and means committee and other republicans late Saturday to discuss procedure.

A number of the speaker's advisers advised him against entertaining a motion to suspend the rules while others urged that he do so, asserting that there was an overwhelming sentiment among house republicans for such a procedure.

It was indicated that if the bill were taken up Monday the debate would continue for two days under a special rule temporarily setting aside the rule limiting discussion under suspension of the rules to forty minutes.

BADGER GIRL TELLS  
OF SUFFERING FROM  
FAMINE IN RUSSIA

JANESVILLE, Wis.—Writing from Sorochinskaya, Russia, Miriam West, former school teacher, of Minneapolis, and daughter of A. B. West of Milton, Wis., now a member of the relief service of the Friends society, tells of one village the population had decreased in a few weeks from 1,000 to seventy people. There was no one to bury the dead and the starving crawled to this dismal house to get portions of the dead bodies for food. "We have been held up owing to the food not getting here, but now that it has arrived, we are being fed 28,000 children and 10,000 adults," she wrote.

## SCHOOL CHIEF RESIGNS

GREEN BAY, Wis.—W. A. Burton, city superintendent of schools, resigned Saturday because of ill-health. Mr. Burton, who obtained a leave of absence in November on account of his health, was superintendent for more than twenty years.

## WEATHER RECORD

For La Crosse and vicinity.—Rain and snow tonight. Sunday snow and colder.

For Wisconsin.—Snow tonight and Sunday; probably heavy north and west, but rain in south portion. Cold, or west portion Sunday. Strong east winds this afternoon and tonight shifting to north and northwest Sunday.

For Minnesota.—Unsettled and cold or tonight with snow east portion; possibly heavy. Sunday probably fair with colder in extreme east portion. Strong east winds this afternoon shifting to north and northwest late tonight.

For Iowa.—Rain east and rain turning to snow and colder west portion tonight. Sunday snow east and south; fair northwest portion. Colder. Strong shifting winds.

## Paint for Wives?

RALPH MAGARINO, a motorman, was in a court in New York City the other day and the charge was—what do you think?—punching his wife because she wouldn't rouge and powder! The magistrate didn't know what to do about it. He said in perplexity "most husbands try to get their wives to leave off paint and powder," and adjourned the case for a few days to puzzle out his decision.

There's a problem for your untangling, a problem in psychology. Do men dislike paint and powder, or do they like it? That is, the average run of men, not the occasional exceptions who reason about women but the majority of us who proceed entirely by instinct and subconscious reaction? Magarino liked it, obviously. Probably lots of wives, who by experience have learned to know a lot more about their husbands than their husbands realize, or than they themselves will admit, will suspect that Magarino was not as different from most men as the perplexed magistrate imagined.

Wives know that husbands like to be thought full and brimming with common sense. They affect to scorn sham and pretense. But—common sense doesn't and never did rule the relations between men and women, including husbands and wives. It may be called in as an afterthought for the sake of argument, but the ruling factor is instinctive, psychologically automatic. Men say they like clever, practical, common-sense women, and bid their wives pattern themselves accordingly. But the wise wives don't take it too seriously. They know that all the cleverness and practical common-sense in the world will not take the place of attractiveness, smartness, charm. If it is the custom of the country and the period to paint and powder, then paint and powder play their parts in the sum total of smartness and charm.

Magarino was a brute, and brutally frank. His wife did not doll up so that she did him credit in public and he punched her in the nose. A more sophisticated, better trained man, who would shudder at the notion of laying a hand on his wife, might prove just as imperative in a way no less emphatic, if less violent.

What would you do if you were the judge? Fine Magarino, or fine Magarino and have a little talk in chambers with Mrs. Magarino in which you would advise her to use a little rouge and powder, with discretion? Punishing Magarino and praising Mrs. Magarino would be just and logical, true enough. But it would be the kind of justice and logic to assist in breaking up the family. Justice, dealing with the relations of husbands and wives, must be infused with appreciation of the instinctive nature of folks to be socially effective. Logic does very well in mathematics and engineering, but folks are not figures or machines.

## Multiplication

CHARLES SOBB, of Birmingham, Alabama, is the proud father of thirty-six children. Charlie is sixty-one. Twelve of his children are by his third wife. The telegraph wires do not say whether he is rich or poor. But it is a safe bet that Charlie, as he contemplates his enormous family, wouldn't change places with John D. Rockefeller. Children are the greatest wealth. If all people kept up to Charlie Sobbs' record, about 21,000,000 babies would be born in America this year. In ten years, feeding the population would be an impossible problem. The system called civilization is the enemy of large families.

## On the Scent

PERFUME sales are increasing. This is a sure sign that world business conditions are improving. So says Fernand Javal, of the Houbigant perfumery works in France. In hard times, says Javal, luxuries such as perfumes are the first to feel the paring knife of economy. When times get better, wives and daughters have more money to spend. Presto! Up go the sales of perfumery, rouge, powder and cosmetics.

This theory should make life more interesting to economists. Graphing perfume sales will be more enticing than steel ingot tonnage, freight traffic, fire losses or ebb-and-flow of the stock market.

In the reviving perfume industry, Javal notices this interesting fact: The people are

buying more expensive perfumes, war having refined their tastes, accustomed them to better things and created a desire for a higher standard of living. Time, deflation and paying off the war debt will tell whether the world's people are biting off more than they can chew.

In Russia, says Javal, the revolution ended the sales of the better grades of perfumes. But the sales have started up again, indicating this: When the upper classes of society are destroyed, in their place soon appears a new group with the same tastes, desires and wants. This replacing group shows that civilization is like a coral reef. Cut off the top and it is soon replaced by new growth. The tendency forever is from below upward. Like a growing tree—crop follows crop until the tree or civilization becomes extinct.

## Blah!

The criminal would automatically lose his criminal instincts if the walls of his cell were painted bright orange, a sunburst hue given to the prison walls, and a nice bright suit of the same color presented to him instead of the somber gray. I should suggest the use of orange in criminal surroundings because it is a color that radiates happiness.—Statement by Rudolph Schaeffer, California artist.

Oh, good gosh, Rudolph! That's a fine way to break into the papers and get a lot of swell publicity, but we feel that the world would be at least as well off if you could inform it what color is required to suppress the blurb instincts of long-haired nuts in the interest of common sense. We might get a law passed requiring that Windsor ties could be made and sold only in that shade. If nothing else the ties would serve as a uniform which normal people could spot at a distance, and thus be enabled to seek a place of safety until the peril was past.

## Where He Should Have Begun

"TRIANGLE erased," says a headline, "when survivor cuts throat." He had already killed the other two angles of the "triangle." And one involuntarily breathes the wish that he had committed his last crime first. Had he started his career of violence in the right place there would be one less tragedy to record, and perhaps two happy people instead of three ignoble histories and three shunned graves.

## Gasoline

USE of gasoline has become so big that America produces and consumes four and a half gallons of "gas" for each bushel of wheat. Gasoline sales now are around forty-eight gallons a year for each man, woman and child. This is a marvel of economies brought about in little more than one generation. What change will another generation show? Probably something even more remarkable.

Landis is suggested as mayor of Chicago. Since he will give all his time to baseball, he is qualified.

Reformers predict a big wild out crop.

## In Ye Olden Times

TEN YEARS AGO TODAY  
Alderman George B. Marvin, Jr., who recently petitioned the Wisconsin Commission of Fisheries for a shipment of black bass to be placed in Round Lake, French Island, received word today from James Nevin, who is superintendent of the commission, that these fish are to arrive in La Crosse at an early date. There will be ten thousand of the bass and these will be sufficient to make Round Lake one of the finest fishing grounds in the vicinity.

The social democratic party of La Crosse plans to establish a milk bottle cleaning plant, to which milk men can take their milk bottles for cleaning. At their meeting last night members adopted resolutions to this effect and voted to send copies of the resolutions to the state and local health departments, the common council and the press.

Pupils of St. James school were presented with a fine Victor phonograph yesterday by Rev. Ambrose Murphy.

TWENTY YEARS AGO TODAY  
Congressman John J. Esch has sent Edward Cronin a quantity of garden seed for distribution in this city.

Front street, in the vicinity of Pearl street, presents a scene of activity. The Levy block is undergoing extensive improvements. The corner building is being fitted up for office purposes for the La Crosse Plumbing and Supply Co.

Edward Hardy, eldest son of Prof. and Mrs. Albert Hardy of La Crosse, has been made principal of the high school at Riverside, a suburb of Chicago.

Dr. Schaeffer of La Crosse, and County Attorney G. T. Simpson of Winona have gone to Mexico.

The Wisconsin Telephone company announces that by next month its system in La Crosse will be equipped with telephones which will be self-calling. Instead of ringing up central all that will be necessary to connect will be to take the receiver from the telephone. The work of installing the new system began last summer.

John Bjorge and family have moved from Stoddard to North La Crosse where Mr. Bjorge has accepted a position.

THIRTY YEARS AGO TODAY  
Stubs are in great demand for fuel but they are growing very scarce. The mills have run out of them and people will have to burn hardwood this year.

The work packing season was closed on Saturday by Langdon and Boyd.

Prof. S. L. Landreau is preparing to give an exhibition at his studio in the McMillan building. The pictures will be oil, water colors and crayon.

The residence property of O. Nelson at 1425 Charles street, was purchased yesterday by Dr. W. F. Snitter who will take possession at once and make it his future place of residence.

The clothing firm of Loeffler brothers has dissolved and the business will be conducted at the old stand by Otto Loeffler while Herman Loeffler will open a merchant tailoring establishment in the building now vacant at Main and Third streets.

A new train has been put on the Southern Minnesota division of the Milwaukee road. The train arrives here in the morning and departs in the evening. Local merchants are jubilant because it brings them lots of trade.

## Abe Martin

"This is an unaffable world," said Abe Martin, "When Judge Landis resigned there was not a hand outstretched to hold him." "You fellows are mighty handy if you want to stay home from a party or keep off a jury."

## Lorelei

BY R. RAY BARKER

Straited up from the narrow stream rose the rocky banks; and on a projecting rock sat Lorelei, combing her hair. Yes, it was golden hair, while the comb—well, it was just a common comb.

And Lorelei was singing, just as her father had sung, the siren, was wont to sing. But this song was not intended to lure boatmen to their doom on the jagged rocks below. It simply meant that Lorelei was happy and carefree. There was something enticing about the golden hair, but she couldn't help that. It was her hair, for she had been swimming, and she was combing it in the sun to dry it.

This Lorelei had no thought of luring any man to his doom. She did not care especially for men, and she cared for no special man. If she was a siren, she was not to blame.

However, there was a boatman, and he was lured to his doom—of falling to his death. Lorelei was not to blame. She was just a girl, and she was singing. She was singing a song that had been sung for centuries, a song that had lured many a boatman to his doom. But Lorelei was not to blame. She was just a girl, and she was singing.

The boatman should have kept his eyes on the channel and he would have avoided the rocks. But he was not to blame. He was just a boatman, and he was singing. He was singing a song that had been sung for centuries, a song that had lured many a boatman to his doom. But Lorelei was not to blame. She was just a girl, and she was singing.

When Lorelei was a girl, she was a siren. She was singing a song that had been sung for centuries, a song that had lured many a boatman to his doom. But Lorelei was not to blame. She was just a girl, and she was singing.

When Lorelei was a girl, she was a siren. She was singing a song that had been sung for centuries, a song that had lured many a boatman to his doom. But Lorelei was not to blame. She was just a girl, and she was singing.

## In The Pirates' Cave

THE STORY OF CAPTAIN KIDD

THE HUNCH of us had squatted in the cave and the old pirate, "Go ahead," said he. "Captain Kidd wasn't a pirate by choice," he said. "I'll tell you how he became one."

"In 1695 some rich English people chartered a ship called the 'Adventure Galley,' meaning to send her out into the West Indian seas to capture and plunder pirate ships. Incidentally, the crew of the 'Adventure Galley' was to seize the plunder of the pirates and turn it over to the English lords."

Kidd appointed Captain Bellamont, one of the Englishmen. Captain William Kidd was hired to lead the crew. He was a bold and fearless leader and being an experienced seaman, he knew the ways and haunts of pirates.

"He took the job, and with the power given him to seize all pirate vessels, he sailed out of Plymouth harbor in April, 1695, with a crew of eighty men."

"It was a rough, reckless, hunchy crew. Each was to get a share of whatever booty was taken from the pirate ships."

"Business didn't go well with the 'Adventure Galley.' About nine months after leaving England she reached Madagascar, which Captain Kidd knew to be the hang-out of the East Indian pirates. But not a pirate ship was to be found."

"The 'Adventure' sailed around, always in hope of finding prey, but no luck. The crew was becoming sullen and discontented. They were weary of the money they had expected to find."

"Then, some of the crew took sick. The 'Adventure' was quickly becoming foul and leaky—and at the end of the first year, fifty of them had died. New men were added to the crew, but Captain Kidd realized that unless things took a change for the better, he would have a hard time keeping the crew under control."

"Occasionally a ship was captured, but not enough booty was obtained. And then one day when a Dutch vessel was sighted, Moore, an 'Adventure' crew member, came up to Captain Kidd and advised him to capture that boat inasmuch as there were no pirate ships to be had. Captain Kidd knew he had no authority to do such a thing. 'We won't,' he said to Moore."

"This made Moore mad. In his argument that followed Captain Kidd hit him over the head with a wooden bucket. A few hours later Moore died."

"This didn't help matters any. The men became more sullen, and some time later when a pirate ship was sighted, they refused to obey the captain's orders to capture it. They had turned pirate themselves."

"Captain Kidd returned to Port. 'Shortly after this, Captain Kidd decided that the best thing to do would be to return and report to his superiors the exact state of affairs. He sounded the crew on the matter. Most of them refused to return. But Captain Kidd was determined, and so, with forty of his men who were willing to go, he sailed for New York where Lord Bellamont, the Englishman who had appointed him, was living."

"Captain Kidd felt that while he had not been greatly successful he had done enough to pay the lords and others well."

"But Lord Bellamont and his friends didn't think so. So when Captain Kidd arrived in New York he and his crew were seized and sent back to England and imprisoned. The men were charged with piracy, and the Captain was charged with the murder of Moore."

"He admitted his guilt, when the trial came in May, 1701, but said that in killing Moore he had done the right thing, for the runner had been a dangerous character and might have caused the entire crew to mutiny."

"But it was a one-sided trial, and Captain Kidd, with all his money taken from him, had no chance to defend himself. He was sentenced to death, and with six of his crew, was hung."

"To-DAY'S PUZZLE  
Form a word square out of words meaning to watch for, capable, sufferings, and an examination.  
Answer to yesterday's: Music.  
Answer to to-day's: Wait, able, ill, test."

He: "I used to work in a clock factory."  
She: "What did you do?"  
He: "I made faces."

A group of shanties, with a crowd of ragged, dirty-looking men, busy moving boxes and bales from a motor truck to a shed.

"You're under arrest," she said. "You're under arrest," she said. "You're under arrest," she said.

"Where are you taking me?" she asked, raising her head high above the water.

"To the jail at Randall Beach," he said. "Well, go in my canoe."

She smiled and seated herself on a stone.

"I was just feeling you—to see if you were a man who realized his responsibilities. I am heart of a snuggler, but true enough, but it is in the movies. I am Lorelei Evertson, sometimes called the 'diving queen,' and my canoe is a smuggler's. You asked me some time ago if I loved you, and I answered 'yes' now, because you have stood the test—duty first. But there is one thing I must insist on. Before I marry you, you must learn to swim. I love the water and you must love it too."

## ONE REEL YARNS

THE JANITOR'S KID

"Who was that boy out in the court?" said Mrs. Fisher, as her son, Standish, came in.

"That was the janitor's kid," said Standish. "Don't you remember, the day we moved in he came and helped the janitor fix up in here? He came up and wanted to play marbles with me. I just told him I didn't play with no janitor's kids, and walked off. He had a lotta nerve."

"You did quite right," said Mrs. Fisher. "The idea of letting the janitor's children come out and play with the children of the tenants in a swell place like this! Now we've got money, we've got to live up to it, and you've got to be mighty careful who you play with."

"I know, Ma," said Standish. "You just watch me cut out the kids that try to get too fresh. Where are you going?"

"I'm going in to pay next month's rent. You can come along. The owner has an office in the building. Go put on your fur cap. We want him to think we're somebody, all right."

Standish followed his mother to the office of the owner. They had to wait a long time in his mahogany-furnished waiting room. Then they were ushered into the office. Standish's eyes almost popped out of his head. The janitor's kid was standing by a window. He looked up as they came in.

"How do you do, Mrs. Fisher," said the man pleasantly. "So this is your son. Come here, Roger, here is a new boy in the building. This is my son, Mrs. Fisher. Why don't you two boys go out and play?"

"Sorry," said Roger, starting to leave, "but I'm going down to see Nels, the janitor. He's showing me how to connect electric lights this afternoon."

A GLASS TUMBLER.  
I DON'T GET MUCH PAY, AND I'M LIABLE TO BE BROKE ANY TIME.

He laughed, rather boyishly.

"I have been feeling you, too. I never said I was a revenue officer, and I am not. I am a swimming instructor at Randall Beach. I had to pretend I was drowning that day, in order to get acquainted with you. I know you were Lorelei Evertson, and I have loved you a long time."

## AKELEY TO TALK ON HUNTING BIG GAME IN AFRICAN WILDS

Photographs and Motion Pictures to be Shown in Connection With Talk Monday

The subject of the lecture to be given by Carl Akeley in the Normal Lecture Course next Monday evening is "Hunting Big Game in Africa." It was on his third trip into the African jungles, where he stayed for two years, that Mr. Akeley studied elephants, lions and native lion spearing, and it was here that he secured the famous photographs and motion picture views which he shows in connection with his lectures.

Mr. Akeley is an intensely interesting speaker, not an orator, but one who has something to say and says it in a telling way. In the furtherance of his art and in accomplishing his purposes he has had many hair-breadth escapes. Consequently, his personal story of his own experiences, combined with his wonderful pictures of wild animal life make a thrilling evening for his audience. Many who have read his articles in the World's Work will be glad to hear this remarkable man tell his own story.

## FOUR CANDIDATES ENTERED IN WAUSAU MAYORALTY RACE

WAUSAU, Wis.—Four candidates are entered in the Wausau mayoralty race, where Emil Pfister, present mayor, is seeking re-election.

His opponents are Paul Mackley, socialist; Fred W. Krues, who served several years as a member of the common council and equity board of supervisors; and Henry Knapp, who has expressed himself as the working man's candidate.

Other city officers who are candidates for re-election, have no announced opposition.

# In The MOVIES

## "MISS LULU BETT" — RIVOLI

Lou Wilson, the daily Paramount actress, is a home-wrecker in William de Mille's latest Paramount production, "Miss Lulu Bett," which is showing at the Rivoli. That is to say, she smashes furniture, and dishes and plays havoc with the appointments of a kitchen in which she dredged for years, merely to give vent to her feelings.

In the story, Miss Wilson is a spinster who lives in the home of her sister and brother-in-law as a sort of servant. She takes part in a mock marriage ceremony to discover that she is not only married, but that her husband already has a wife. Then her troubles begin. Neil Cornish, a teacher, loves her and, driven to desperation by her brother-in-law's conduct, she wrecks the furniture and leaves her home forever, eventually to find peace and happiness with her sweetheart. Milton Sills is the leading man and others in the cast are Theodore Roberts, Helen Ferguson, Mabel Van Buren and Clarence Burton.

## LA CROSSE THEATRE SUNDAY

An imposing cast of well known screen players will be seen at the La Crosse Theatre Sunday, supporting Thomas Meighan in "The Conquest of Canaan," a Paramount picture. Other principals of the cast are Diana Allen, Ann Ralston, Alice Fleming, Charles Abbe.

## "ONE A MINUTE" SCORES

Douglas MacLean's new Paramount-line comedy, "One a Minute," is a satire on Barnum's saying, "There is a fool born every minute." It is caught on in fine shape at the Majestic Theatre where it is the feature this week. It is filled with humor, and the story has a novel twist which makes the picture decidedly entertaining. Marian DeLoach, the leading woman, shares honors with the star.

## RIVIERA TODAY

"Conceit," Selznick's latest big feature production at the Riviera is distinguished by many unusual features, not the least of which is the fact that it has two leading ladies, and both of them real stars. The "women in the case" are Hedda Hopper, famed on the screen for her remarkably skillful delineations of cultured society women, and Betty Hillborn, who has already entered the stellar ranks, she being the featured player in the role.

## BARABOO-ARCADIA WIN AFTERNOON GAMES IN TOURNNEY

New Lisbon and Galesville Each  
Drop Second Games on  
Friday

New Lisbon received the second whipping in the high school district tournament Friday afternoon, and Arcadia defeated Galesville, 13 to 12. New Lisbon showed more speed than they did in the Hillsboro game but they easily out-classed by the Baraboo team who displayed a nice passing game along with some good team work. New Lisbon's close guarding saved them from a more disastrous score. The score at the half stood 8 to 0 in Baraboo's favor, and 20 to 10 when the final whistle blew. Many fouls were called on both sides and time-out was taken to the limit. Hansen and Ryan played together to advantage for New Lisbon, while Peterson did the starring for the Baraboo quint.

The second game of the afternoon was more exciting and fast. The Arcadia quint came back stronger than they did against Prairie du Chien and emerged from the struggle with Galesville one point to the good. The game started out slow but at the end was in full swing with the crowd yelling for both sides. Paul at guard for Arcadia showed up well, with Kromschaeider at forward playing a nice exhibition game. Herbert pulled a nice exhibition score at the half was 6 to 3 in favor of the Arcadians. The game ended with Galesville one point behind, 13 to 12.

**Lineups:**  
Baraboo: Peterson, Hayward, forwards; Tausche, center; Hanson, Duncan, Boyd, guards.  
New Lisbon: Hansen, George, forwards; Johnson, center; Carter, Ryan, Shaskan, guards.  
Galesville: Herbert, Jorgenson, forwards; H. Johnson, center; French, Harried, C. Johnson, Terpaning, guards.  
Arcadia: Eugini, Gasser, forwards; Kromschaeider, center; Studt, Weffler, Paul, Stencil, guards.

## ROLLER SKATING LATEST SPORT AT THE UNIVERSITY

MADISON, Wis.—Roller skating is the latest sport at the University of Wisconsin for the co-eds. With the passing of the snow the roller-skating parties can be seen on the streets practically every afternoon and often in the early evening.

Roller skating is an accredited sport in the women's athletic department. Credits are allowed for active participation in the sport towards the women's much coveted "W."

## CITY BOWLING LEAGUE

The Krause and Mader Clothing companies won three games from the Arenz Shoes and the La Crosse Club Friday evening. The South Paws and Hotel La Crosse won two out of three from the Wittenbergs and Shrivens. The scores:

## Locals Eliminate Prairie du Chien From First Place As Hillsboro Trims Mauston

### La Crosse Wins Fast Contest By 16-12 Count

La Crosse eliminated Prairie du Chien from the chance for first place in the district tournament. Friday night by defeating them 16 to 12 in a fast game. The result of the game was in doubt until the final whistle has blown.

The contest started even, but Capt. Harget soon brought his team to the fore by scoring on all chances at free throws in the early part of the game. A long shot by Tubbs added two points to the La Crosse score and gave them a fair lead over the Prairie aggregation. Holley also made a ringer in the first frame. Tubbs was ruled out of the game in the first half for four personal fouls. His place was taken by Kosbab. The score at the end of the half stood 10 to 5 in favor of Keogan's men.

Prairie du Chien staged a strong comeback in the second half. Dundworth found his eye on the free throws and scored the first five he attempted. Sewelger, captain of the down river quintet, scored one field goal in the last half. For a time the score was 12 to 11 for the Prairie outfit, but Harget scored a goal from a foul and evened the count. Kosbab edged the only field goal for the locals in the second period.

Free throws were responsible for the bulk of the points earned by both teams. Harget scored 10 points by this route, and Budworth made eight count.

The game was featured by the stellar guarding of Weigand of La Crosse and W. Wachter of the Prairie team. Both are fast and full of fight all the time. Budworth, lanky center of the Prairie outfit, also performed in big league style.

W. Wachter and Keiser were withdrawn with four personal fouls each. Lineup:

La Crosse: Harget and Holley, forwards; Tubbs, Kosbab, center; Weigand, Esch, guards.  
Prairie du Chien: Sewelger and Keiser forwards; Budworth, center; Keiser, W. Wachter, Allen, and R. Wachter, guards.  
Referee: Nohr, Umpire: Keeler. Timekeeper: Rittinger, Scorer: Ross.

## RULES NEW YORKER CAN'T GET DIVORCE OUTSIDE THE STATE

NEW YORK.—The adage "marry in haste and repent at leisure" has been put in it by a decision of the appellate division of the supreme court which, it is said, will prevent New Yorkers, wishing to rid themselves of matrimonial ties, going to Reno and other places to obtain legal relief.

The decision makes permanent an injunction granted by Supreme Justice Doan last July restraining Archibald B. Gwatney, a New York broker, from prosecuting an action started in Florida to obtain a divorce from Isabelle C. Gwatney. The appellate decision rendered by unanimous vote holds that Gwatney's change of residence was a fraud upon his wife's matrimonial rights as they were married in New York and had their legal residence here.

The decision is interpreted to mean that persons married in New York state or maintaining their matrimonial residence here cannot go outside the state and set up a residence that will be recognized as legal.

## REGENTS ESTABLISH FOUR-YEAR COURSES AT STATE NORMALS

MADISON, Wis.—The state board of normal regents took action at its meeting here Friday looking toward establishment of four-year courses in normal schools for the purpose of training high school teachers. At present the courses are limited to two and three years.

One of the principles which will underlie the new teacher training courses is that of a major and minor course of school work for the more specialized training of future high school instructors. It was also decided that there should be a certain amount of professional education given along with the regular courses.

## RAIN AND SNOW COMING NEXT WEEK

WASHINGTON.—Weather outlook for the week beginning Monday: Region of Great Lakes, rain or snow and warmer first part of week followed by generally fair and normal temperature until Thursday or Friday when rain or snow is again probable.

Upper Mississippi Valley, clearing at beginning of week followed by generally fair except for local rains or snows Wednesday or Thursday, fair thereafter. Normal temperature.

NEW HAVEN, Conn.—Five world's records were smashed by the championship Yale swimming team.

## BADGER STAR MILER UNABLE TO COMPETE IN BIG TEN MEET

Finkel, Two-Miler, also Idle Because of Broken Leg; Illini Favored

CHICAGO, Ill.—The University of Illinois ruled a strong favorite in the twelfth annual indoor track and field meet of the Western conference which will be held tonight at Northwestern university, Evanston.

The hopes of Wisconsin received a setback when it was announced by Tom Jones, coach, that Wall, his star miler, will not be able to compete because of illness. This is the second handicap suffered by the Badgers. Finkel, a good two-miler, having been forced to remain idle because of a broken leg suffered in a dual meet with Notre Dame early in the year. Minnesota was expected to be the runner-up to the Illini.

## DUNDEE IS GIVEN DECISION IN BOUT WITH CHAS. WHITE

NEW YORK.—Boxing enthusiasts of this city were convinced Saturday that Johnny Dundee of West Orange, was a better boxer and fighter than Charlie White of Chicago. The two lads met at Madison Square Garden Friday night and the boy who had traded his Italian name of Giuseppe Carrozza for the Scotch moniker of Dundee, was given the decision. White, who in private life bears the peaceful name of Charles Anshowitz, did not have an anti-aircraft gun and thus could not cope with his opponent's usual strategy.

## FRAZEE'S MID-WINTER AUCTION OF PLAYERS BELIEVED TO HAVE GIVEN BEAN TOWN AGGREGATION A SET-BACK

CHICAGO, Ill.—Frazee's mid-winter auction sale of ball players which deprived the Boston Americans of Everett Scott and a few other masters of the diamond pastime, did not do the Bean town aggregation any marked good, if yesterday's overwhelming defeat at Hot Springs, Ark., by the Pirates is any indication. The Sox stunk out of the park on the wrong end of a 12 to 0 score. The Pirates poked holes in the Sox defense so easily and numerously that Manager Duffy Saturday was understood to be casting eagerly about for material to mend them.

Today will be a big one from a league standpoint in the Southland training centers. Several horse-hits are due to take long rides, especially in the game at New Orleans between the Yanks and Cardinals, bringing together those two reputable batsmen, Ruth and Hornsby. Pitchers on both sides are in for a strenuous nine innings, the two teams being generally regarded as among the hardest hitting in their respective leagues.

## Predict Shakeup IN MINOR EVENTS IN A. B. C. TODAY

Members of Birk Brothers Five of Chicago Shoot Doubles and Singles

TOLEDO, O.—American Bowling Congress officials are predicting a shakeup Saturday in the minor divisions of the tournament when the members of the Birk Brothers' five of Chicago shoot their doubles and singles.

Indianapolis, Chicago, Milwaukee and Detroit teams make up the second squad for Saturday.

The score of 1101, bowled last night by the Federal Markets of Chicago was announced as a record for the 22 years of the congress.

Five-men: Koors, Dayton, Ohio; 2016; Two-men: G. Degen-F. Degen, Buffalo, 1297; Individuals: W. Lundgren, Chicago, 729; all-events, W. Fawcett, Detroit, 1875.

The Birk Brothers' team made a score of 2901 in the five-men event.

## BASKETBALL HEROES TO STAGE BIG HOP AFTER TOURNAMENT

Funds to be Raised for Purchase of Emblems for Championship Team

A big dance will be staged by the members of the state championship basketball team of the La Crosse normal school immediately after the final game of the district high school basketball tournament Saturday night. The purpose of holding the dance is to raise funds with which to purchase gold basketball emblems for the team.

In former years it was customary for some group of students or students' organization to get together after a championship had been won by any of the athletic teams of the normal school and raise enough money, either by soliciting donations or by some other means, to purchase either emblems or sweaters for the members of the team. A faculty ruling, made about two years ago, prevents anything of this kind now. The regulation imposed by the teachers states that no student, or group of students, shall be allowed to present sweaters, emblems, or medals or any thing of the sort to the players of any of the teams. If they are to get anything outside the regulation letter given by the school, it is up to them to get it for themselves. The foregoing regulation was instituted with the idea of strengthening the value of the letter issued by the athletic association.

Local boosters of the championship basketball team are urged to be present at the dance Saturday night, and to bring their friends with them. An orchestra has donated its services for the evening, so that all that the boys take in will be "velvet." A nominal admission price will be charged for gentlemen, but ladies will be admitted free.

## RAIL OFFICIAL DEAD

MINNEAPOLIS, Minn.—Charles W. Case, 57, pioneer railroad man and former general manager of the Great Northern railway, died Saturday.

Before retiring several years ago Mr. Case had been active in railroad work for 45 years. For thirty-five years he had been connected with the Chicago, Milwaukee & St. Paul.

## DISCREDIT REPORTS OF ARREST FRIDAY IN TAYLOR MURDER

Suspect Said to Have Been Taken in Mexico by Two Los Angeles Officials

LOS ANGELES, Calif.—The mystery drama of the murder of William D. Taylor, film director here February 1, was relegated back to the list of unsolved slayings Saturday when the district attorney's office exploded a false report of an arrest reported last night from Mexico, Lower California.

LOS ANGELES, Calif.—Doubts were cast by representatives of the district attorney's office and the captain of detectives here upon reports of an arrest Friday in Mexico, or California, of a suspect in the William D. Taylor murder case.

William Moran, chief deputy district attorney in charge of the investigation, declared today that there was no reason to place credence in the report of an arrest.

Captain of Detectives David L. Adams said he believed the report was without foundation.

The man reported to have been arrested is said to have admitted to serving as a Canadian soldier in a British company captured overseas during the world war by William D. Taylor. He was expected to reach Los Angeles early Saturday in custody of two local police detectives.

The name of the prisoner was not made public and his arrest at Mexico, Lower California, said to have been voluntary on his part, and his passing from the hands of Mexican to Los Angeles officers were conducted with all possible secrecy, it was stated.

Advisers from Calexico, Calif., just across the international line from Mexico, stated that J. A. Cooke, a rancher of Santa Ana, Calif., had accompanied the Los Angeles detectives to Calexico and had identified the prisoner as one of the two men to whom he had given a ride in his automobile near Tucson, Calif., January 31.

These men, according to a story Cooke told the authorities shortly after Taylor was slain, had made threats against a former British captain then living in southern California.

The arrest came after the detectives had taken up a trail which started from a lodging house in San Diego and led them eastward along the California-Lower California line.

The prisoner, it was said, while admitting he had served in Taylor's company, denied he had anything to do with his death.

## COUNTY WARD MADE ARRANGEMENTS FOR HIS OWN FUNERAL

Octogenarian Will be Buried by Side of Monument He Bought Himself

LOS ANGELES, Calif.—Abel Benington Crawford, who died in the Los Angeles County hospital, aged 88 years, a ward of the county, will be buried today in the shadow of a tombstone for which he paid \$2,000 eleven years ago.

In 1911 Crawford purchased in Rosedale cemetery here a lot valued at \$155 and erected upon it an imposing granite monument, 15 feet high with a marble base five feet square.

One each month since then, he has visited the cemetery and inspected the monument. For hours he would sit in its shadow and read. Sometimes he polished it. Then he went to an undertaker and bought a costly casket with instructions it be held for his body.

Next he had a steel vault embedded beside the monument in what was to be his grave.

Then he drew up agreements with the cemetery officials and the undertaker arranging for his burial.

On March 8 he became ill. His money was gone. He was taken to the county hospital. Knowing he was to die, he told where his agreements with undertaker and cemetery officials were.

## TOM O'CONNOR WAS IN MILWAUKEE LAST SUNDAY POLICE TOLD

Reported to Have Been Seen in Company With Friends at Roadhouse

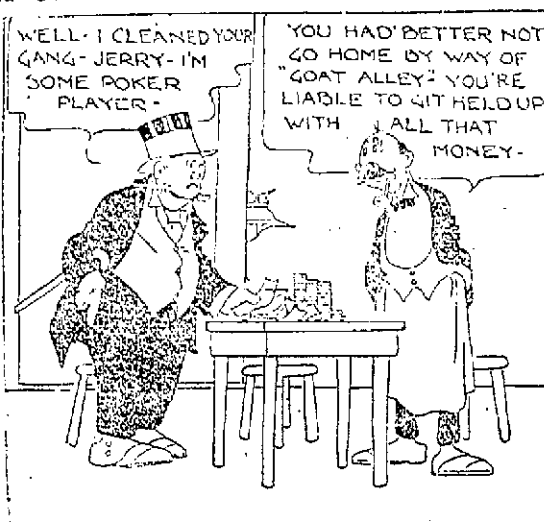

MILWAUKEE, Wis.—Police were told Saturday of the presence of a man in Milwaukee last Sunday in company with Jimmie La Porte and Mamie Gillespie and the latter's family, who looks like Tommy O'Connor.

The proprietor of a roadhouse north of Milwaukee, stated that he recognized La Porte, Gillespie and Gillespie's wife, mother and sister, as members of a party who were in his place Sunday night. Two other men were in the party, the keeper said.

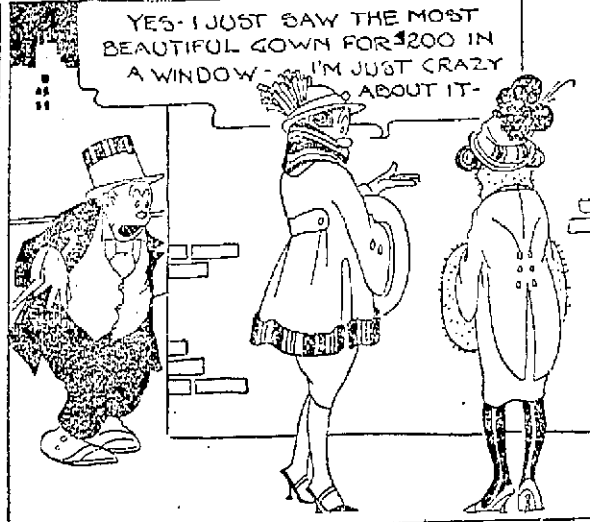

After seeing the picture of Tommy O'Connor, I am satisfied that one of these other two was Tommy. He and his companion stayed with the party for a little while and then got up and left.

George Bonfield, arrested Thursday with La Porte at Karpis, confessed to Chief of Police J. G. Lathrop, tonight this morning that he and La Porte, a week ago Wednesday, on Thursday held up a building and bank association at 35th and Ashland boulevards in Chicago and got \$2,200 in currency and \$2,250 in checks. James Larson was their driver. They split up the money at thirty-fifth and Halstead streets, he said.

## BRINGING UP FATHER

(Copyright, 1917, International News Service, Inc. U. S. Pat. Off.)

## MARCH 21 WILL BE PRIMARY DAY FOR WISCONSIN CITIES

Regular Election of City and Town Officials Scheduled for April 1

JUDICIAL ELECTION APRIL 4  
NON-PARTISAN IN CHARACTER

Jones Opposed by Milwaukee Man for Seat on Bench

MADISON, Wis.—Primary elections to select candidates for city offices in the regular spring municipal elections, are to be held throughout Wisconsin on Tuesday, March 21, on Tuesday, April 1, regular election of city and town officials and of county supervisors will be held.

Milwaukee is the only city of the state to which the general charter law, making definite provision for selection of Wisconsin city officials, does not apply. Only the city attorney and a few minor officers will be chosen in that city.

In all cities without the commission form of government, half of the council is chosen at the April election following the limiting of candidates at the primaries Tuesday.

Towns and villages may hold caucuses to choose candidates for their officers, or may nominate them by circulation of petition.

County supervisors are to be chosen in but a few of the municipalities of the state. Where the commission form of government is in use by cities, few of the commissioners are to be elected during the present year.

Principal fights will center in mayoralty contests and in selection of city council in municipalities.

Judicial elections to be held throughout the state on April 1, are non-partisan in character, with no active campaigning. Selection of judges for state courts is expected to be without party or factional bias.

Neither Justice Burr W. Jones, seeking reelection to the state supreme court, nor John C. Kleist, Milwaukee, his opponent, have carried any active fight for the position. The selection of a justice to fill this vacancy is the only contest of statewide importance in the spring election.

Circuit judges in four counties, four municipal judges and four county judges are to be selected.

## FOUR DRINK CASES SENT TO THE CIRCUIT COURT BY BRINDLEY

(Continued from page one)

under the bar in the Eagle hotel bar, room, 120 South Fifth street, entered a plea of not guilty. The state's witnesses testified that a search warrant was issued on Mrs. Clara Schroeder by the common council, to the estate of Henry Schroeder, that the search warrant was to have been served on Mrs. Clara Schroeder and that Oscar Schroeder was arrested in connection with the finding of the liquor.

Mr. Wolfe asked the deputies how they tested the liquor and was told the burning, hydrometer and snuffing tests were used. The hydrometer showed the liquor to be 40 and 42 proof. The testimony also showed that the beverage license was issued by the common council, to the estate of Henry Schroeder, that the search warrant was to have been served on Mrs. Clara Schroeder and that Oscar Schroeder was arrested in connection with the finding of the liquor.

When Mr. Wolfe asked for dismission on the grounds there had been no evidence to connect the defendant Oscar Schroeder, with the liquor, the court overruled the motion saying that the fact that he was the only responsible person in the barroom at that time and that he was sitting back of the bar with his feet within a foot of the liquor was enough to cause the court to hold him for circuit court under \$500 bail.

Bail in all four cases was furnished at once.

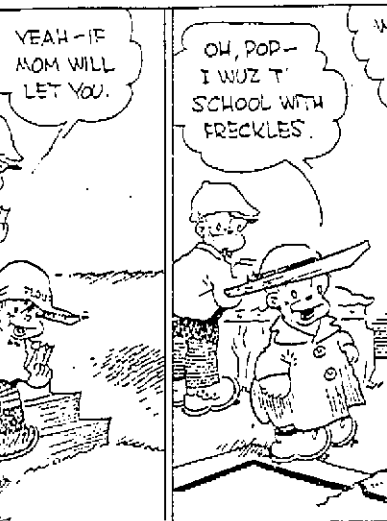

REEDSBURG MAN SUICIDES  
REEDSBURG, Wis.—Norman Brown, a railroad section foreman, man here for several years, hanged himself in the woods in the rear of his home, Friday afternoon. He is survived by a wife and five children. No reason for his act is known, according to his wife.

Marvin Johnson of Hoboken was a visitor in La Crosse on Saturday. A. R. Smith of Oshkosh was a court house visitor on Saturday.

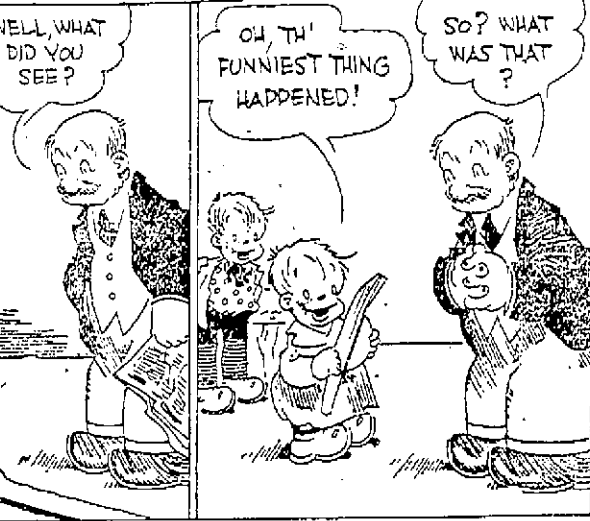

George Dudley of West Salem was in the city on Friday.

Total of 2,114 negroes were living in Oregon in 1920; last census was taken.

## NEWS PRINT RATES IN THE MIDDLE WEST HELD TO BE UNFAIR

Roads Ordered to Put Into Effect New Schedule by June, 1922

WASHINGTON, D.C.—The rates on news print, wall paper and on some other grades of wrapping and bag paper from manufacturing points in Wisconsin, Minnesota and Michigan destinations west and southwest and to general localities in the Mississippi valley, were Saturday held unreasonable and unduly prejudicial as between cities concerned by the interstate commerce commission.

The commission, after combining a number of complaints respecting the particular rates held that the entire structure of freight rates of the particular types of paper mentioned in the territory concerned should be modified. After laying down the general principles which it was held should govern the manufacture of a new rate structure, the commission gave the railroads permission to maintain present charges until June 1, 1922, but to have ready on or before that date a new schedule which the commission allows to go into effect if it is found satisfactory and approved.

Dr. Shimek Talks  
Another emotional address was given by Dr. Bohumil Shimek of the University of Iowa. His talk was on "The Problems of Americanization." He told of the prejudice against foreigners in this country. They are said to be clannish.

"But that," said Dr. Shimek, "is just the natural bond of friendship. We looked at it from a distance. The trouble there was with us. Another complaint was that the foreigner did not learn the language quickly enough. But until recently there were no places or means for them to learn. They wanted to learn. We condemned them when we should condemn ourselves. Many have said that foreigners are ignorant. That is a dangerous charge to make for perhaps you are the ignorant one. In most cases the seeming ignorance of the foreigner is due to the fact that he does not understand your language. Others say that foreigners do not assimilate. A foreigner brings splendid ideals."

## IDEALS OF AMERICAN MUST BE STUDIED TO BETTER CITIZENSHIP

(Continued from page one)

He followed the exhibition with a very interesting and inspirational address on the subject, "How Shall Teachers be Saved?" Years ago teachers were under the impression that after three years of teaching they reached their maximum of efficiency, and would then for a few years continue in that state as if on a plateau, and finally take the decline and fall below the efficiency level. But it has been recently proven by statistics and charts that teachers can be just as efficient in old age as when they started to teach. If they only take an interest and show an enthusiasm in their profession.

Mr. Webster took as an example a man of great accomplishment, Louis Pasteur, whom we at once think of as discovering the process of pasteurization in the form of milk, etc. His process of pasteurization was not the importance of that man's discovery, he discovered something, as a teacher, which is necessary in every teacher, enthusiasm. Pasteur first studied crystals, then the form of beer and then rabies. His discovery made in the study of crystals told him with joy and enthusiasm which gave his teaching far more effect than the discovery itself. It is the enthusiasm with which he makes the study of microbiology, nature and so forth, interesting. Who would not like to study life with Pasteur? Mr. Webster pointed out the value and necessity of skill in the teaching profession. Teachers must have skill just as the architect, engineer, doctor or lawyer. But far more necessary than skill is personality. A teacher must be a person who can be liked and it is being liked that counts. A teacher must be a person who can be liked and it is being liked that counts.

## ELKS MINSTRELS FINISHED PLAY DECLARE CRITICS

Biggest Home Talent Show to be Put on Monday and Tuesday Nights

John L. Weber, former opera singer and actor, a native of this city and member of the La Crosse lodge of Elks, is the author of the minstrel production which the local lodge will put on at the La Crosse theater Monday and Tuesday nights.

This was revealed today, when Mr. Weber arrived from Chicago to witness the production and incidentally to visit with relatives and old friends he has not seen for several years.

Featured by beautiful songs, clever vaudeville skills and spectacular features, the minstrel revue of the Elks will be the big home talent event of the year.

Special scenic effects brought here from Chicago and beautiful costumes will make this one of the best dressed productions ever put on by local talent.

Andy P. Burnham, the director, has selected a cast of principals including many of the best known entertainers here. Walter Mikkejohn as heretofore, will preside over the band of "flowers, mirth and melody." The comedians will be Jack Robinson, Walter Holmes, Frank Waska, Dr. Caterham, Myron Locke, Tom Ott, George Gonia and Wallace Montague.

Roy Case, Dr. Marshall and Walter Wagner will be the balladists. "The old will include a farcical potpourri called "It Happened in Cuba," "Beans and Bells" is a pretty dancing feature staged by a dozen well-known young women.

Mrs. Pearl Boyer stars as "Wandoo," daughter of the forest in an Indian mythology feature. "West Goes East" is a mirthful musical melange. Another fine feature is presented by the oriental dancing girls.

The music throughout the show is unusual and catchy, and the chorus, after two weeks of rehearsals, is prepared to produce a volume of melody which will score big with the houses Monday and Tuesday nights.

## CASHTON TELEPHONE COMPANY BOUGHT BY THREE SPARTA MEN

Teasdale, Gross and Poole New Owners; Rush Work of Restoring Service

SPARTA, Wis.—A deal went through Tuesday, which made three Sparta men owners of the Cashton Telephone exchange. Howard Teasdale, Fred Gross and Gay Poole became the possessors of the stock of the Cashton Telephone company. They expect to get their lines in good working condition as soon as possible. The toll line between Cashton and Sparta is already connected up again since the recent storm.

Manager Howard Teasdale of the Monroe County Telephone company has rapidly pushed forward the work on the lines since the system was put out of commission by the heavy sheet storm of a few weeks ago, and practically all the farm lines are in working condition today. The Angelo line was completed Thursday night, and Big Creek, Little Creek and the Coles Valley line were in working order on Wednesday. "This is quite a remarkable achievement considering the hopeless tangle things were in after the storm. Miles of the wire were no good and had to be replaced by new, and hundreds of new poles had to be set."

Her Soft Answer.  
They had had their usual altercation over the breakfast table, and, unhappily exclaimed:  
"What would you do if I were one of those husbands who get cross in the morning, bang things about, and kick because the coffee is cold?"  
"Why," replied his wife, "I should make it hot for you."—London Weekly Telegraph.

Remarkable Fallacy.  
"Somewhere or other," said Uncle Eben, "de man dat ain't never learned to do regular work himself, always manages to fit filled up wit de notion dat he would make a good boss."

Just So.  
"Don't let your wife nag you."  
"Can't help myself."  
"Are you a man or a mouse?"  
"Guess I'm a man. If I was a mouse my wife would be afraid of me."—Louisville Courier-Journal.

## SHELBY GUN CLUB GIVES HOME TALENT PLAY THIS EVENING

The Shelby Gun club will stage a home talent play Saturday evening at its hall. The play will be followed by refreshments and dancing. "Back to the Farm" is the title of the production. The plot revolves around Ole, a Norwegian hired man, played by S. P. Markle, and Hilda, the Swedish housemaid, impersonated by Mrs. Markle. It sure is going to be a big night for the Shelby gun club—and Pete Markle.

WHEAT MARKET  
RALLIES DURING  
THE PAST WEEK

More General Buying Brings About Upturns from Severe Decline of Previous Week

CHICAGO, Ill.—Some thing of a rally from the recent severe decline in the price of wheat has been brought about, this week largely through enlarged buying based on optimistic that setbacks had been too drastic. Compared with a week ago wheat Saturday morning showed gains of 1-2 to 1-7-8c.

Corn was up a shade to 3-5c, oats were 1-8 to 1-4c off to 1-8c advance, and provisions unchanged to 25 cents lower.

Although new rains over Kansas and Oklahoma depressed the wheat market early in the week and so, too, did coal strike developments and sharp downturns in Liverpool quotations, speculative buying set in here and proved more than a counter-balance. The contention was made, that the difference between Chicago and Liverpool values of late had widened instead of narrowed and that continental European countries were purchasing new crop deliveries as well as old. With the volume of records falling off both at Minneapolis and Kansas City and with smallness of European stocks being emphasized, the upward tendency of the market here became more pronounced. Indulently greater notice was taken also of contingent market effects in the future by reason of the action of many farmers in pooling their wheat.

Corn and oats were relatively weaker than wheat, the fact having been definitely shown that stocks of corn available are the largest ever known.

Provisions average lower in value with hogs.

## Obituary

DR. J. R. PRAIT  
Friends here received word today of the death in Pasadena, Calif., of Rev. James R. Prait, secretary of the La Crosse Y. M. C. A. 25 years ago. For several years Dr. Prait has been a minister of the gospel and at the time of his death he was pastor of the Lincoln avenue Presbyterian church in Pasadena.

BERNARD WILLIAM YOUNG  
Bernard William Young, the six-months-old son of Mr. and Mrs. Walter Young, died at the home, 1735 Denton street, at 6 o'clock Friday evening. Surviving are the parents and two brothers, Kenneth and David. The funeral will be held Monday afternoon at 2 o'clock from the home. Rev. J. L. Paulsen will officiate and interment will be in Oak Ridge cemetery.

HARDING RETURNING  
Harding concluded his ten days vacation in Florida Saturday and left here soon after noon aboard a special train for Washington. He will arrive in the capital sometime after noon Sunday.

POPE NAMES BISHOP  
ROME.—By The Associated Press.—Pope Pius Saturday appointed the Rev. Patrick J. Kenne, titular bishop of Samaria, as bishop of the diocese of Sacramento, Calif.

An Admitted Exception.  
"Sometimes, John," said Ernest's wife, "I do get a little disgruntled, and think you are hard on me."  
"You don't say so," was the astonished rejoinder.  
"Yes, but I must admit there is one thing you never found fault with—the way I look when I wear my last year's clothes."—Detroit Free Press.

CARD OF THANKS  
We wish to thank the friends and neighbors for the kindness shown during the illness and death of our baby. Especially do we thank Mrs. G. J. Jones and those who sent floral offerings and those who met the remains at the station.

## COAL SHOVELING PROVES TOO MUCH FOR YOUNG DODGE

Automobile Man a Cheerful Prisoner and Overdoes at the Start

DETROIT, Mich.—Counsel for John Duval Dodge, young Detroit millionaire, serving a five-day term in the house of correction on a charge of automobile speeding, renewed his efforts Saturday to obtain his release. They appeared before Circuit Judge Jayne and again asked for a writ of habeas corpus. Judge Jayne, who Friday dismissed the first writ obtained by Dodge's attorneys, set hearing on the new motion for Saturday afternoon. He declared, however, that Dodge should not be brought into court for the hearing.

Shortly before Judge Jayne received application for the writ, he entered an order admitting to probate the amended will of the late John F. Dodge, father of young Dodge. Under the terms of the amended testament, John Duval Dodge receives \$1,400,000. The original will cut him off with \$150 a month.

The young millionaire, who Friday enjoyed a few hours respite from the jail sentence, began his term in earnest Saturday, being assigned the job of coal shoveling in the city jail. He began his job immediately after breakfast, piling fuel into a hand cart, wheeling it to the prison furnace room and dumping it for the stokers.

Shortly before noon his hands were covered with blisters and he was urged to go a little slower in his efforts. He was served with other prisoners at the institution with a noon meal of meat, pie, bread and coffee.

Dodge is taking his imprisonment in good spirit, apparently paying little heed to the efforts of his attorneys to bring about his release. For his term expires, Monday morning. The ingenious suggestion of a fellow prisoner this morning that he could escape hard work by the expedient of having himself confined in the dungeon for refusal to yield the coal shovel, he declared: "Not for me! I'm going to work!"

His fellow prisoners characterize him as a "good fellow."

The piece young Dodge set for himself on the prison role picture seemed proved too much for him this morning, however. He was unable to shovel coal, and he was sent to the prison hospital.

WAR OVER SKIRT LENGTH—KIWANIS IS GODFATHER—BASEBALL IN AFRICA—IGORROTES FLY HIGH

**KIWANIS CLUB CARES FOR HER**—Doris Edelsheim, 16, is crippled because of war conditions under which she lived in Galicia, but the Kiwanis Club of Newark, N. J., is paying for medical care which is expected to cure her. Here she is in the arms of her nurse.

**SKIRT WAR SPLITS TOWN**—Maude Buchanan (left) and Alice Hansen (right) and their skirts which will figure as exhibits in Kansas short-skirt court battle.

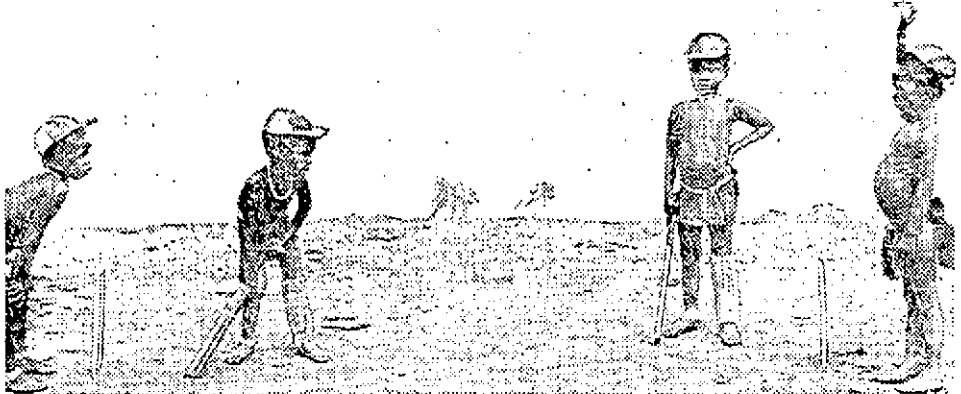

**BETHROAL** of Miss Catherine Hughes, daughter of Secretary of State Charles Evans Hughes and Mrs. Hughes to Chauncey Lockhart Waddell of New York has been announced by Miss Hughes' parents. Waddell, former aviator, is the son of Mr. and Mrs. Edwin J. Waddell of Greenfield, O.

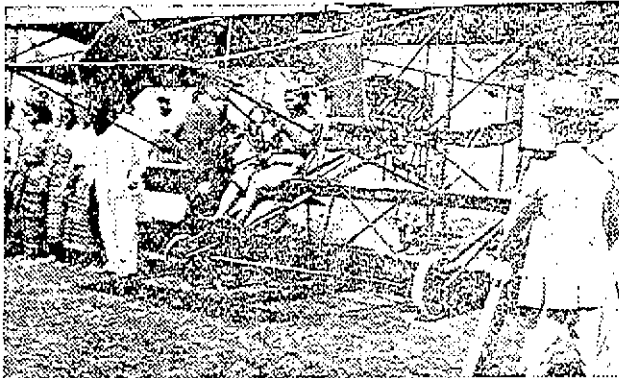

**LADY NANCY ASTOR**, first woman member of the British parliament and a native of Virginia, will speak at the third annual convention of the National League of Women Voters at Baltimore in April. Here she is with her husband and four children.

**MISSING**, Walter A. Unger, 27, assistant treasurer of the Thomas W. Evans Dental Institute of Philadelphia, recently disappeared. Police are making a nationwide search for him. Institute officials say negotiable securities valued at \$100,000 are missing.

**BY THEIR GAMES YE SHALL KNOW THEM**—Where the Stars and Stripes go, there goes baseball. Just so, cricket follows the British flag. This pickaninny pitcher delivers a native war whoop before he delivers the ball. That, in the heart of Africa, where cricket players use grass for shin guards.

**HIGH LIFE FOR IGORROTES**—Igorotes, the former headhunters of the Philippines, are becoming highly civilized. This native has mastered the air in an old-fashioned airplane.

**MURDERED**, William Le Roy Shelton, American missionary and explorer, famous as the only man ever allowed to establish a mission in Tibet, was killed last month by bandits near Lhasa, southwest China, according to news just received in this country.

**LOSING NO TIME**—Bob McAllister, 22, demolition speed cop and holder of four world sprinting records, keeps in training by running to his work every morning. He is a detective on the New York police force.

**MILLIONS DON'T EXCITE HIM**—Rufus Coppock, fisherman, rests content with "Tipperary" in a little cabin at Plymouth, Mass., while attorneys are trying to prove that he is heir to the \$15,000,000 estate of Bartholomew Coppock, consisting of property in New York, New Jersey and Philadelphia.

**RUNS FOR CONGRESS**—Mrs. Ellen Dunne Davis, great-granddaughter of Benjamin Franklin, is seeking the Democratic nomination for Congress in the Second Pennsylvania District.

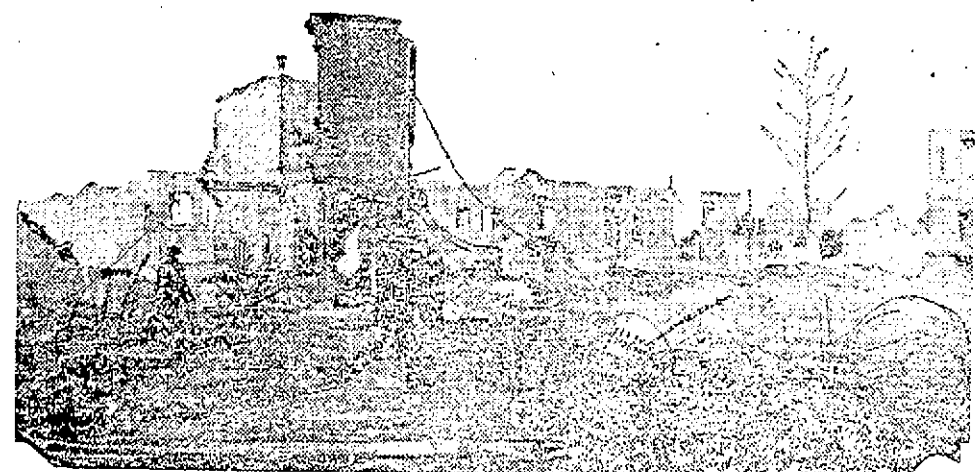

**COCAINE CARRIER**—Thieves are carrying cocaine and other drugs from Canada to Chicago in lockets like that shown above, according to the story told New York officials by a drug addict.

**HERE'S MATHILDE'S FIANCEE**—Max Oser with his favorite horse, "Taheny", and his dog, "Fenst", in the inset. Max takes off his hat so you can have a better look at the Swiss livery stable proprietor who is to marry Mathilde McCormick, 16, granddaughter of John D. Rockefeller.

**DR. CHARLES P. STEINMETZ**, the electrical wizard, examines a fragment of a tree struck by lightning created by him. That, by means of a lightning generator which stores up electric energy just as a thunder cloud does.

**\$250,000 LOSS IN IOWA PRISON BLAZE**—A large part of the Iowa State Prison at Fort Madison, Ia., was razed at a loss of \$250,000 by a fire of unknown origin. Squads of trustees helped to fight the flames and save the cell house. Four prisoners in solitary confinement in the fire area were removed to safety. No lives were lost.

**GEGRORIE SEMINGOFF**, anti-bolshevik leader of the Cossacks in Manchuria and eastern Siberia, is reported on his way to the United States.

**A VACATION CONFERENCE**—Secretary of War Weeks, George B. Christian, the president's secretary, and President Harding hold a conference of grave importance at St. Augustine, Fla. The matter under discussion is whether it will rain, spoiling the day for golf.

Get Ready for Spring Delivery

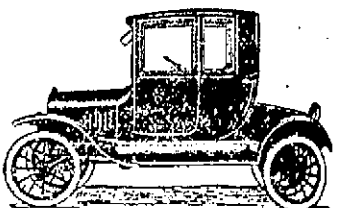

Soon the road that skirts your door step leading to the rolling country hills and nature's favored spots will be calling you. Spring will be here—Get your order in NOW—NOW while we can still guarantee delivery in time for Spring driving. Easy Terms.

Now \$645 f. o. b. Detroit

The proved value in a Ford cannot be equalled at anywhere near the price.

You can buy a Ford on Time.

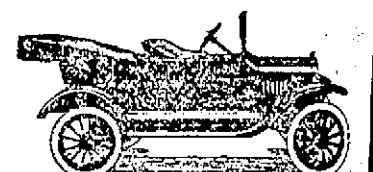

Now \$580 f. o. b. Detroit

Consider the Institution Behind the Car You Buy

Not the manufacturer alone, but the local sales agency. Is it reputable and dependable? Does it furnish adequate repair service? Will it be here four years from now still furnishing such service?

The continuous satisfaction of uninterrupted use of the car you buy is dependent upon these factors.

Consider this institution. Permanently established. Delivering service that insures maximum miles to very Ford buyer.

\$148.48 Makes This New FORD Yours

The balance in 12 equal monthly payments. Never before have you had the opportunity of securing as great a motor car value at so low a price.

The lowest first cost, the lowest upkeep and the highest resale value of any motor car ever built.

Take advantage of this opportunity. Get your Ford now, while we are still able to make reasonably prompt delivery.
